

# St. John the Apostle School

*Inspiring Mind and Soul*

## Grade 3

In third grade, students expand their vocabulary and develop their writing skills. Classrooms are self-contained for the major subjects. Art, Computer Science, Music, Physical Education and World Language are taught by specialized teachers. At this age, it's critical that children's natural love of learning and curiosity about the world be nurtured to set the right foundation for the rest of their formal education.

**At St. John the Apostle School, we give children the strong foundation they need for future success.**

### CORE CURRICULUM

- Language Arts
- Reading
- Cursive Writing
- Math
- Science
