2. Diorama
After reading a second book, using a shoebox size container and your creativity, create your favorite scene from the book inside of the shoe box. The materials used can be anything from paper cut outs to legos to clay. Be creative! This project also includes an oral report where we will hear a description of the scene and why you chose that scene from the book. Please include your name, the title, and author on the outside of the diorama. We can't wait to see these projects!
