

St. John the Apostle School

Inspiring Mind & Soul

May 5, 2021

Dear Parents and Guardians,

We are all aware of the difficulties and stresses this year has placed on everyone, including our students. I know aware that many students have suffered loss of academic skill over this past year. With this in mind I am please to tell you that we will offer a 2-week program with 20 hours of targeted instruction to small groups during the last 2 weeks of June. It will be offered to anyone who wishes extra help although size will be limited due to social distancing requirements.

There are some students who might be required to attend due to poor grades. If this is the case you will be notified separately. The courses will be in Reading/Language Arts and Mathematics. The cost of the program will be \$300.00 per subject for the entire 2 weeks for the those entering the grades in the fall. Classes will be from 8-9:55 and 10:05-12 noon.

Courses will be offered as follows: Reading/Language Art and Math. The grades will be split up as follows: 8, 7, 6, 5, 3 - 4, and K-2. Times will be assigned according to enrollment and interest.

Please return this form to indicate your interest by Friday, May 14, 2021.

All fees must be paid before summer classes begin. Please keep in mind we will only use air conditioned spaces.

Thank you.

Dr. Egan
